**Activities**

Learning can be planned or take place in what we might call those spontaneous ‘teachable moments’ when children and educators are playing and chatting, or a particular event happens. Of course, we can create those teachable moments too, and so there are suggestions here about how books, play and other activities can support RSHP learning at Early Level.

<th><strong>Who helps?</strong></th>
<th>Have a themed week exploring <em>people who help and look after us</em>. Children could initially discuss and identify who helps and what they do for them and others – perhaps over three sets of initial discussion.</th>
</tr>
</thead>
<tbody>
<tr>
<td></td>
<td><em>Who helps me at home?</em> Draw pictures of houses and home life. Acknowledging the diversity of home lives, identifying who helps children and how, and possibly who the children help - a younger sibling, a parent or grandparent.</td>
</tr>
<tr>
<td></td>
<td><em>Who helps me at nursery/school?</em> Children can use the iPad to take photographs of staff in the centre/school and make visits to them (in the office, in the school canteen etc) in situ to hear more and ask questions.</td>
</tr>
<tr>
<td></td>
<td><em>Who helps people when...</em> someone is sick or hurt, has a sore tooth, they are lost, something isn’t working... Children can explore circumstances where they need help immediately or may be worried or concerned, but they can also discuss who helps in a preventative way e.g. why we go to the dentist regularly.</td>
</tr>
<tr>
<td></td>
<td>The PowerPoint slides provided offer some visual prompts – <em>add/adapt</em> to incorporate photographs of people children meet and know. Encourage stories from children about visits to the doctor, dentist or hospital - perhaps they could take some photographs on an iPad/tablet to share.</td>

| **Feelings** | Encourage group and one-to-one conversations about how it feels to be cared for and looked after. And also, how does it feel when you can help and look after someone or something – helping a friend, looking after a sibling, caring for a pet. |

| **Emergency services** | Organise a visit from a police officer, ambulance crew, coastguard or firefighter – women in these roles would be particularly helpful. Alternatively, a visit to a fire station, police station would be fun. The children can draw/create a gallery of the women and men they meet. As educator, be aware of your own language, avoiding using terms like fireman rather than firefighter. |

| **Play** | Uniforms and props in the play area/playground/dressing up box will support free play. |
