

1. Love is feeling so passionately about someone that you would go above and beyond for them. (Age 16)

What do you think?

---

2. Love is when you trust each other and don't look at anyone else.

(Age 16)

What do you think?

---

3. I feel you should love someone before you enter a relationship.

(Age 18)

What do you think?

---

4. Love is the most important thing in a relationship. If it isn't there, then there is no reason to be with that person. It is also quite important with sex. You don't need to love someone to have sex with them, but it makes the experience more intimate and special. (Age 16)

What do you think?
